

Parent Survey September 2019 – Your opportunity to have your say

Dear Parent/Guardian,

On an ongoing basis the staff and governors review the progress made in the children's learning and the school's development, identifying areas of focus for continued progress in the future. As part of this work, we survey staff, parents and children appropriately in three important areas – Leadership and Management, Outcomes for Learners and Quality of Provision.

Your suggestions and any further areas of development will be taken into account when prioritising this year's School Development Plan. It is important that all members of the school community have the opportunity to contribute towards this plan.

We would be grateful if you could spare some time to complete the online survey so that your suggestions can form part of the school's discussion of this year's Development Plan. Simply click on the link and work your way through the statements. At the end of each section, there is the opportunity to add additional comments. All responses are anonymous and I would ask all parents to ensure that their comments are positive and constructive. Please aim to have completed the survey by Friday 4th October when the link will expire.

The link for the survey is below, you can either click on it or copy it and paste it into your web browser. A paper copy of this letter will also be sent home.
